S i r ,

With reference to Government Proceedings No.G.28869-73/P.P.11-18-62 dated 28th June 1818 sanctioning the continuance of the establishment connected with the supply of Fuel to Bangalore City, I have the honour to submit that 451 tons 18 cwts 2 qrs of fuel are in stock at the Government Fuel Depot to-day and the sales there are very slow. The District Forest Officer has this day been requested to stop further supply of fuel. It will be sometime before the stock at the Depot is exhausted and the establishment requires to be kept up till then. The term of the present establishment expires on 30-9-1919 and I request that orders of Government may kindly be obtained for the continuance of the establishment for a couple of months more or until the stock is exhausted if this contingency should happen earlier. Every endeavour will be made to clear the stock by then.

Sir,

With reference to your letter No.G.219 dated the 15th instant, I have the honour to state that the following establishment was sanctioned by Government for the Government Fuel Depot at Bangalore.

One accountant on Rs.25
One peon on Rs.9
Three watchmen on Rs.8 each

(Para 7)

One of the inspectors appointed for the office of the Civil Supplies was placed to look after the supply of fuel, as well as, to be in charge of the Government Depot. When the fuel supply was transferred to the Deputy Director the Inspector was placed to work under him his pay, being debited to the Civil Supplies.

Now, there is a stock of 540 tons of fuel at the Government Depot and it would be desirable to continue the sales in the interest of the public till the end of December, as the stock is likely to last till then. If there be any balance, orders are solicited to auction the lot after the 31st of December.

Regarding, the establishment required I do not think it would be possible to curtail during the current month as there is much of work for the Inspector in closing the accounts and recovering the arrears from the liscensed depot keepers. Under the above circumstances I request that the present establishment

P.T.O.

establishment may be sanctioned till the end of this month.

From the 1st of November I shall place the - Inspector directly in charge of the depot and I request that an establishment consisting of three peons on Rs.8/- each per month may kindly be sanctioned.

S i r,

Referring to your letter No.G.9182/P.P.31-19-18, dated 27th October 1919, enquiring whether the fuel depot in the Fort may not be closed from the 1st December 1919 and the remaining stock sold off by public auction or transferred to the Sandal Oil Factory, I have the honour to state that as fuel carts are now coming in freely and the situation has materially improved, the Depot may be closed as proposed.

2. As regards the disposal of the stock that may remain on hand neither of the two courses suggested seem to be desirable. If the stock is to be sold by public auction, it would be giving an opportunity to the fuel-sellers to profiteer. By the removal of the stock to the Sandal Oil Factory, the public would lose the ~~benefit~~ opportunity of purchasing it. I would therefore suggest that the stock may be sold where it is in lots of ½ a ton at a reduced price or shifted to the Sandal Koti which is close by for being sold to the public at the usual rate.

3. As His Excellency the Viceroy is likely to drive through the Fort Centre Road, I have ~~directed~~ requested the Deputy Director of Commerce to have the place cleared by that time.

Sir,

With reference to Government Proceedings No.12371-3/P.P. 31-19-23 dated 26th November 1919 extending the time for continuing the Government Fuel Depot to 31st December , I have the honor urgently to bring to the notice of Government that the supply of fuel to this Depot seems to have been suddenly stopped and consequently the Depot has been closed to the public for some days past with the result that the public of Bangalore have been put to great inconvenience as the villagers are not bringing in the usual fuel carts for sale, this being the reaping season and sufficient fuel is not available in the market for the consumption of the public and it is selling very dear at 3 maunds a rupee. I therefore beg that the Forest Department may be asked immediately to resume the supply to the Depot as heretofore and continue it until at least the end of this month.

I have the honor to be,

Sir,

S i r ,

I have the honour to state that the pay of the peon of the Fuel Inspector has been disallowed by the Comptroller in the salary bill for the month of November 1919. When the Inspectors were appointed to the office of the Civil Supplies each of them was allowed to have a peon as per sanction of Government. The Inspector and his peon were not included in the establishment sanctioned for the Government Fuel depot but remain attached to the office of the Civil Supplies. As per G. O. No. 18771-90/P.P.134-18-330 dated the 22nd February 1919, the Inspector and his peon were transferred to this office.

In this office letter No. 3, dated the 14th October Camp Mysore, addressed to you, a reduction was proposed in the establishment of the Fuel Depot by a clerk and a peon and, as such, I have to bring to your kind notice that it does not affect the peon of the Inspector at all. A supplemental bill was sent to the Comptroller with this office letter No. 964/3, dated the ~~fifth~~ 6th instant, a copy of which is enclosed for your information, and the bill has been returned with the objection that the sanction of Government is necessary to admit his pay.

Under the circumstances explained above, I request you to kindly obtain the sanction of Government for the retention of the Inspector's peon till the end of this month.

I have the honour to be,
S i r ,
Your most obedient servant,
K H Ramayya
Deputy Director of Commerce.

Copy of letter No.964 dated 5/6th December 1919 from the Deputy Director of Commerce in Mysore to the Comptroller to the Government of His Highness the Maharaja of Mysore, Bangalore.

---

I have the honour to state that the pay of the peon of the Fuel Inspector has been disallowed in the bill for the month of November. When the Inspectors were appointed to the office of the Civil Supplies each of them was allowed to have a peon as per sanction of Government. The Inspector and his peon do not belong to the establishment sanctioned for the Government Central Fuel Depot but to the office of the Civil Supplies. As per Government order No.18771-90/P.P.134-18-33 dated the 22nd February 1919 a copy of which is herein enclosed for information, the inspector and his peon were transferred to this office.

In this office letter No.3 dated 14th October 1919 a copy of which is also enclosed for your information, a reduction was proposed in the establishment of the fuel depot by a clerk and one peon, and as such I have to bring to your kind notice that it does not affect the peon of the Inspector at all. I have to request you therefore that the pay of the Inspector's peon may kindly be passed. A supplemental bill is herein forwarded for favour of audit.
